

Forever

Milk Inc.

Seems like yesterday
Was a game we played
Or a scene from a movie
Can't we freeze the frame
Can't we pause the game
Can't you always be with me

Am I running out of time
Am I really losing my mind
Am I running out of time with you

Can't it just be now forever
You and me together
Now forever
Then you'd stay

I wish the days to come
Were already gone
Already far behind us
Every kiss goodbye
Every sacrifice
Every time you walk away

Am I running out of time
Am I really losing my mind
Am I running out of time with you

Can't it just be now forever
You and me together
Now forever
Then you'd stay

Can't it just be now forever
You and me together
Now forever
Then you'd stay
(x2)

Am I running out of time
Am I really losing my mind

Am I running out of time with you

Can't it just be now forever

You and me together

Now forever

Then you'd stay

(x2)
