Don't Believe

Artillery

Human, I can read your mind
Stranger, from your eyes don't weep
Clear your thoughts
Ease your mindDon't believe a word
Unless it's proven true
You might just catch a spell
Damnation upon youTeacher, learnin' from the card
Preacher, lovin' you is so damn hard
And the tales, that you tellLiar, your brain is runnin' wild
Crier, elemental child
Sinner, playin' with your thoughts
Winner, are you feeling lost?Solve the maze
Case the haze
