

Don't Believe

Artillery

Human, I can read your mind
Stranger, from your eyes don't weep
 Clear your thoughts
Ease your mindDon't believe a word
 Unless it's proven true
 You might just catch a spell
 Damnation upon youTeacher, learnin' from the card
 Preacher, lovin' you is so damn hard
And the tales, that you tellLiar, your brain is runnin' wild
 Crier, elemental child
 Sinner, playin' with your thoughts
 Winner, are you feeling lost?Solve the maze
 Case the haze
