Time Has Come

Incognito

All things have meanin'
If we take the time, then we will see
Smoke means there's a fire
So we live and learn to understandRecognisin' the danger
Throwin' out a lifeline if we're able, hey
Gather inspiration
Together in a harvest of the freeGet up, 'cos the time has come
You'd better believe, that it will be done
You can't make pretend it's and illusionGet up 'cos the time has come
You better believe, that it will be done
The reason bein' life is not a dreamWe're all witness
To the politics of life and survival
New day is commin'
Every woman, every man will be as oneCan't stop tryin' like a mother
To give her child a better life if she's able
Keep on fightin' yeah
Believin' every word, a song of freedomGet up, 'cos the time has come
You'd better believe, that it will be done
You can't make pretend it's and illusionGet up 'cos the time has come
You better believe, that it will be done
The reason bein' life is not a dreamGet up
Get upGet up, the time has come
You'd better believe, that it will be done
You can't make pretend it's and illusionGet up 'cos the time has come
You better believe, that it will be done
The reason bein' life is not a dreamGet up, 'cos the time has come
You'd better believe, that it will be done
You can't make pretend it's and illusionGet up 'cos the time has come
You better believe, that it will be done
The reason bein' life is not a dream
