Storiz

Mickey 3D

Let me tell you some storiz from Japan
Where the people got the seas all around them
Let me tell you some storiz from the poor
Where there is nothing to eat behind the kitchen door

Let me tell you some storiz from the coast
Where the beautiful cars, are going fast
Let me tell you some storiz from the South
With the whiskey bars, and the whiskey bars

Let me tell you some storiz from the sea
Where the fish is growin' up and die
Let me tell you some storiz from the ground
Where the insects are going round and round

Let me tell you some storiz from the cold
With the dinosaurs, yeah! The dinosaurs
Let me tell you some storiz from Jerusalem
Where the girls are so beautiful.

Let's celebrate the world
