

Rosalia

Uncle Lucius

Rosalia, baby donâ€™t worry
We got time to work it out
We got things so much better than money
Now donâ€™t we babe?
Donâ€™t we have each other now?
Donâ€™t we have each other now, Rosalia?

Now, the medicine man raised his price
Asking more for feeling nice â€™cause,
Because he knows weâ€™ll pay
The bills weâ€™ve got keep piling up
There never seems to be enough, Rosalia
Baby, donâ€™t worry
We got time to work it out
We got things so much better than money
Now donâ€™t we babe?
Donâ€™t we have each other now?
Donâ€™t we have each other now, Rosalia?

Conversation, one thing we never had
How come your compliments make me feel bad?
I think about the future
Letâ€™s think about the future
Are we gonna fall for
Always wanting more and more, oh Rosalia

You have to leave me now, I know
So far, bud is all we grow
I can beg and plead but you took off
Donâ€™t go, Rosalia

Rosalia, baby donâ€™t worry
We got time to work it out
We got things so much better than money
Now donâ€™t we babe?
Donâ€™t we have each other now?
Donâ€™t we have each other now, Rosalia?
