Passenger (Acoustic)

Trapt

Did I steer you wrong
Where you hoping that I'd get you somewhere?
If this road is too long
Tell me now, tell me nowI never took my foot off of the pedal
I never took my eyes off of the road
I ran straight through every red light to get you
Where you want to goPassenger, passenger
Why don't you take the wheel
Why don't you put your life
Into your own handsIf you reach your destination
Will you know it when you finally arrive
If it's just for the ride
Tell me now, tell me nowI never took my foot off of the pedal
I never took my eyes off of the road
I ran straight through every red light to get you
Where you want to goPassenger, passenger
Why don't you take the wheel
Why don't you put your life
Into your own handsPassenger, passenger
Come on and take the keys
It's time that you learn to drive
The joyride is overIt's always someone else
It's always someone else
It's always someone else...And you ask me
Are we there yet
And you ask me
Are we there yetYou have no faith in yourself
Your hope in someone else
Have no faith in yourself
It's always someone else
That's going to get you there
It's always someone else
That's going to get you there
It's always someone else
That's going to get you there
It's always someone else
That's going to get you therePassenger, passenger
Why don't you take the wheel
Why don't you put your life

Into your own handsPassenger, passenger
Come on and take the keys
It's time that you learn to drive
The joyride is over
