

The Wrong Girl

The Showmen

You've got a great apartment and a real nice car
The job you always wanted, you're gonna go far
You've got everything you need in this world
But you've got the wrong girl
Everybody's lookin' 'cause she looks so hot
You don't know it yet but I know what you've got
Go ahead and give it a whirl
But you've got the wrong girl
If you're looking for love, you're looking too hard
You can't see that what you need is right in your backyard
You were blinded by diamonds and you missed a pearl
Yeah, you've got the wrong girl
Does she like fishin', four wheelin' in the woods?
Will she get her hands greasy up underneath the hood?
I'll bet she never listens to Merle
Yeah, you've got the wrong girl
If you're looking for love, you're looking too hard
You can't see that what you need is right in your backyard
You were blinded by diamonds and you missed a pearl
You've got the wrong girl
Yeah, you've got the wrong girl
Yeah, you've got the wrong girl
You've got the wrong girl
Yeah, you've got the wrong girl
Yeah, you've got the wrong girl
