

One

Mali Music

Yo
Its Mali
Taking it to the world y'all
Aint nothing changed
Not anyone
Still Alright, do you see what's happening
The world is so confused y'all
Trouble everywhere
It seems like hope is an elusion
Everywhere you turn another tragedy
Sad to see But rise up rise up rise up rise up rise up
Lift your eyes up eyes up eyes up eyes up
And see how tomorrow
We got hope for tomorrow Stand up
Stand or the hopeless fret
Stand for the stand for the not free yet
When we become one fam one unit
We making them pack that they wont forget
But we must be one
(na na na)
Yea we must be one
(na na na)
Yea to stop this pain
(na na na)
Yea we must be one
(na na na) Oh oh oh
Sing a new song
Can we just sing a new song
Somewhere along the way we've got it wrong
(We've got it wrong)
But we gotta change each it all
Yea we gotta change it all
Yea we gotta make it right
Yea we gotta change our world
Alright alright alright alright Take a deep breath, then you see the sun
Feel your heart beat, then you play your drama
Coz all around the world there is tragedy
We need relief
So rise up rise up rise up rise up rise up

Lift your eyes up eyes up eyes up eyes up
And listen to the music
All we got is music Stand up
Stand for the peace we chase
Stand for the stand for the earth we shape
One body one people one mind yea
we keep making them pack that they won't forget
But we must be one
(na na na)
Yea we must be one
(na na na)
Yea to win this race
(na na na)
Said we must be one
(na na na) Oh oh oh
Sing a new song
Can we just sing a new song
Somewhere along the way we've got it wrong
(We've got it wrong)
But we gotta change it all
Yea we gotta change it all
Yea we gotta make it right
Yea we gotta change our world
Alright alright alright alright Ma people in the north what ya say now
Ma people down south what ya say now
Ma people in the east what ya say now
Ma people out west say we must be one
(na na na)
Said we must be one
(na na na)
Yea to bring this change
(na na na)
Said we must be one Oh oh oh
Sing a new song
Can we just sing a new song
Somewhere along the way we've got it wrong
(We've got it wrong)
But we gotta change it all
Yea we gotta change it all
Yea we gotta make it right
Yea we gotta change our world
Alright alright alright alright
