

# All the Way Down

## French Style Furs

I went down  
Into the cavern  
All the way down  
To the bottom of the sea I went down  
Lower than Jonah & the whale  
No one ever got so  
Deep down as me I went down  
Lower than a diamond mine  
Deeper than the lowest  
Hole in Kimberly All the way down  
I thought I was the devil  
He was never deeper  
Down than me  
All the way down  
All the way down  
All the way down  
All the way down All the way down  
All the way down  
All the way down And when they thought  
I was gone forever  
That I was  
All the way in Hell I got right back  
Into my body  
And came back out  
And rang my bell  
No matter how they  
Try to harm me now  
No matter where they  
Lay me in my grave No matter what in justices  
They do  
I've seen the root  
Of all that believe I've seen the room  
Where life and death are made  
And I have known the secret  
Forge of war I even saw the womb  
That all things come from  
For I got down so far  
For I got down so far All the way down  
All the way down

All the way down  
All the way down And when they thought  
I was gone forever  
That I was  
All the way in Hell I got right back  
Into my body  
And came back out  
And rang my bell All the way down  
All the way down  
All the way down  
All the way down All the way down  
All the way down  
All the way down  
All the way down All the way down  
All the way down  
All the way down And when they thought  
I was gone forever  
That I was  
All the way in Hell I got right back  
Into my body  
And came back out  
And rang my bell All the way down  
All the way down  
All the way down  
All the way down All the way down  
All the way down  
All the way down
