

17 Crimes (James Egbert Remix)

[AFI](#)

If you had a day would you give me a moment?
Would you allow our play to leave no bone unbroken?Let's love like seventeen
I'm in love with poisoning
Only bring your pretty frightful gifts to me
Lets love and kill like seventeen nowIf I weren't so cold
We couldn't freeze this moment.
And as we won't grow old
We'll leave no heart unbrokenLet's love like seventeen
I'm in love with poisoning
Only bring your pretty frightful gifts to me
Lets love and kill like seventeen nowTomorrow cannot be like this
And even though it's such a sin they will...
Tomorrow cannot be like this
Tomorrow they will take us in
We'll leave no heart unbrokenLet's love like seventeen
I'm in love with poisoning
Only bring your pretty frightful gifts to me
Lets love and kill like seventeen nowLet's love like seventeen
I'm in love with your new screams
Only bring those pretty frightful things to me
Let's love and kill like seventeen now
Let's run and kill like seventeen now
Lets love and kill like seventeen
