

# Johnny Get Your Girl

Dean Martin

Johnny get your girl  
Tap her on the shoulder  
Tap her on the shoulder  
Say you'll like to hold her Johnny get your girl  
Walk her in the moonlight  
If you've got no moonlight  
Talk about a June night Don't wait for introductions  
Don't be so formal  
Just step right up and do the thing that's normal Johnny get your girl  
Tap her on the shoulder  
Get a little bolder  
Give romance a whirl  
Don't let another Johnny get your girl Don't wait for introductions  
Don't be so formal  
Just step right up and do the thing that's normal John get that girl  
Tap her on the shoulder  
Get a little bolder  
Give romance a whirl  
Don't you let another Johnny get your girl
