

You're My Saving Grace!

Kristin Chenoweth

I've been a witness
To a raging fire
That's taken my soul to the wire
Been burning, then pushed
Right to the wall
Now I've come to believe
You can't lose them all
Your love is my saving grace
My one salvation
In this crazy place
Heaven's in your arms
Where I know I'm safe
And your love is my saving grace
Always was leaving
Or just passing through
Searching for one thing that's true
Oh, those days are over
From now on, it's you
And your love's the one thing
I can't stand to lose
Your love is my saving grace
My one salvation in this crazy place
Heaven's in your arms
Where I know I'm safe
Your love is my saving grace
Your love is my
Saving grace
