

# Chip On My Shoulder

## Slapshot

Advisory - the following lyrics contain explicit language:

Walking around and all I see  
Druggies and alkies all around me  
Blowing their smoke in my face  
Talking to me from outer space  
Go to the square and they ask me  
To buy for them or smoke some weed  
Tell them to fuck off - go away  
They say I've got a problem  
Yeah, I got a chip on my shoulderChip on my shoulder  
Chip on my shoulderChip on my shoulder  
Chip on my shoulderChip on my shoulder  
Chip on my shoulderHanging around of a Friday night  
Shithead always getting into fights  
I'm fed up with all of you  
But there's nothing I can do  
Go to the square and they ask me  
To buy for them or smoke some weed  
Tell them to fuck off - go away  
They say I've got a problem  
Yeah, I got a chip on my shoulderChip on my shoulder  
Chip on my shoulderChip on my shoulder  
Chip on my shoulderChip on my shoulder  
Chip on my shoulderChip on my shoulder  
Chip on my shoulderWalking around and all I see  
Druggies and alkies all around me  
Blowing their smoke in my face  
Talking to me from outer space  
Go to the square and they ask me  
To buy for them or smoke some weed  
Tell them to fuck off - go away  
They say I've got a problem  
Yeah, I got a chip on my shoulderChip on my shoulder

Chip on my shoulderChip on my shoulder  
Chip on my shoulderChip on my shoulder  
Chip on my shoulderChip on my shoulder
