Cosmical Transformation

Ebony Tears

World keeps spinning round my head
Vague rejections will transcend
Truthful faith for the worlds inside
This fairyland can't be deniedEmbrace me in secrecy
This world's for real not a dream
Right in my hands the fairyland
No truth can spoil my beliefsThoughts colliding against wonderwall
Trough the silver haze I hear your call
Truthful faith for the worlds inside
This fairyland can't be deniedEmbrace me in secrecy
This world's for real not a dream
Right in my hands the fairyland
No truth can spoil my beliefs
