# Talking Trains

## Quilt

Keeping up your solace and your pride
You'll wait a lonely life
Muster up the courage in the night
Don't bother everything's all rightAnd engine's song will leave it all behind
Fall in the palms of echoing times
You know deep down you're nothing but a myth
Can you only trust your little mindOoooooh it's going to let you down Oooooh it's going to let you...
Even as reverberating sound
Unwound self-casually
Implausable like microscopic doves
Are they real or aer they only love
Cause even when the day is full of plans
You feel it's heavy hollow [?]
Like talking trains inside a hollow tree
Free from the track and finally free of meOoooooh they're going to let you down Oooooh they're going to let you...
