

# Saturn

## Skillet

I ask Him when will I be free  
He said, "I am"  
Asking Him when will I change  
He said, "No matter now, no matter now"  
Saturn has a ring around it  
You can never see it with your eyes  
Saturn has a ring around it  
Many moons know this to be true  
You ask Him, how can you be real  
He said, "You'll be"  
Knowing Him how you do  
Now He says, "Rest in this, rest in this"  
Saturn has a ring around it  
You can never see it with your eyes  
Saturn has a ring around it  
Many moons know this to be true  
Saturn has a ring around it  
You can never see it with your eyes  
Saturn has a ring around it  
Many moons know this to be  
Saturn has a ring around it  
Which you can never see it with your eyes  
Saturn has a ring around it  
Many moons know this to be  
Heaven has a ring around it  
The angels sing a song over You  
Heaven has a ring around You  
If You don't see it know that it's true  
Heaven has a ring around it  
The angels sing a song over You  
Heaven has a ring around You  
If You don't see it know that it's true  
If You don't see it know that it's true  
If You don't see it know that it's true  
If You don't see it know that it's true
