## Unwritten Law

By the way, if anyone here is in marketing or advertising

Kill yourself

I'm a freak in a land of hypocrisy

I'm a man in this place that's goin' down

I'm the girl in the world who walks aside of me

And no one's left around

I'm a Jew of the few that buy trinadine

And I'm the leader of the Ku Klux Klan

And I'm as black as a panther in the jungle

And there's no one's left around

'Cause this place is goin' down

I'm a geek, we're all freak show wanna-be's

So just leave me be

(Just leave me be)

I'm a freak, so give me a lobotomy

Lock me up and throw away the key
