

Hold Me (feat. tobyMac)

Jamie Grace

"Hold Me"

(feat. TobyMac)I love, I love, I love, I love the way you hold me

I love, I love, I love, I love the way you hold me

I love, I love, I love, I love the way you hold me

I love, I love, I love, I love the way you, the way youI've had a long day, I just wanna relax

Don't have time for my friends, no time to chit chat

Problems at my job, wonderin' what to do

I know I should be working but I'm thinking of you andJust when I feel this crazy world is gonna bring me down

That's when your smile comes aroundOh, I love the way you hold me, by my side you'll always be

You take each and every day, make it special in some way

I love the way you hold me, in your arms I'll always be

You take each and every day, make it special in some wayI love you more than the words in my brain can
express

I can't imagine even loving you lessLord, I love the way you hold me

Whoa, oh, I love the way you hold me

Whoa, ohWell ya, took my day and you flipped it around

Calmed the tidal wave and put my feet on the ground

Forever in my heart, always on my mind

It's crazy how I think about you all of the timeAnd just when I think I'm 'bout to figure you out

You make me wanna sing and shoutI love the way you hold me, by my side you'll always be

You take each and every day, make it special in some way

I love the way you hold me, in your arms I'll always be

You take each and every day, make it special in some wayI love you more than the words in my brain can
express

I can't imagine even loving you lessLord, I love the way you hold me

Whoa, oh, I love the way you hold me

Whoa, ohI'm so grateful and thankful for all you've done

Wish I could tell you in a short story or poem

But all I have is my voice and this guitar

And you have my heartOh, I love the way you hold me, by my side you'll always be

You take each and every day, make it special in some way

I love the way you hold me, in your arms I'll always be

You take each and every day, every day, everyI love the way you hold me, by my side you'll always be

You take each and every day oh-so-special

I love the way you hold me, in your arms I'll always be

You take each and every day, make it special in some wayI love you more than the words in my brain can
express

I can't imagine even loving you lessLord, I love the way you hold me

Whoa, oh, I love the way you hold me

Whoa, oh
Oh, I loveI love, I love, I love, I love the way you hold me
I love, I love, I love, I love the way you hold me
I love, I love, I love, I love the way you hold me, hold me, hold me
