Rather Be (Caned & Able Remix)

The Verve

Yeah there`s no evil introductions
No doubt, corridors and failure
You`ll find your fortune
You`ll mind find some pain
I wanna lie, lie together
Feels like our last embrace
In a world full of confusion
Yeah the human raceBut I`d rather be here than be anywhere
Is there anywhere better than here
You know these feelings I've found they are oh so rare
Is there anywhere better than hereSometimes life seems to tear us apart
I don`t wanna let you go
Sometimes these feelings hidden
I start to cry
'Cause I won`t ever let you goMmm
MultiplyingOh we have just really heard this about
Always on the evil destruction
Making all them scream out loud
And as I watch
My life in which
One moment while I'm still crying
Oh another day is coming'Cause I`d rather be than be anywhere
Is there anywhere better than here
You know these feelings I've found they are also red
Is there anywhere better than hereSometimes life seems to tear us apart
I don`t wanna let you go
Sometimes these feelings hidden
I start to cry
'Cause I won`t ever let you goBut I'd rather be here than be anywhere
Is there anywhere better than here
You know these feelings I've found they are also red
Is there anywhere better than hereBut I'd rather be here than be anywhere
Is there anywhere better than here
You know these feelings I've found they are also red
Is there anywhere better than hereSometimes these feelings
These feelings are also red
