

Down For a Get Down

Josh Thompson

Got my 40 clocked in, ready for some rockin'
Friday night pockets are full of green
Gonna get a little get right, loosen up the uptight
Lookin' like a good night to cause a scene
I hear cold beer callin'Whoa-oh whoa-oh, waiting on the sun to go
Go down, go down, down in this little town
Come on, come on, let's get up to no good
Let me hear you holler if you're down for a get downParking lot's filled up, drinking from a red cup
Girls with the big buzz ready to dance
Country boys dippin' sippin' and spittin'
Game tryna get 'em a little romance
Ain't no slowing down nowWhoa-oh whoa-oh, waiting on the sun to go
Go down, go down, down in this little town
Come on, come on, let's get up to no good
Let me hear you holler if you're down for a get downWhoa, whoa
Everybody do you wanna get loud
Whoa, whoa
Yeah, if you're with me let's break it on downGot my 40 clocked in, ready for some rockin'
Friday night pockets are full of greenWhoa-oh whoa-oh, waiting on the sun to go
Go down, go down, down in this little town
Come on, come on, let's get up to no good
Let me hear you holler
Whoa-oh whoa-oh, waiting on the sun to go
Go down, go down, down in this little town
Come on, come on, let's get up to no good
Let me hear you holler if you're down for a get down
Get down
