

Dead Enough for Life

Icon of Coil

Prove and disprove
Efficiency of prayer
Supposed to be harmless
Can never get enough I'm the three-head watchdog
This, my revelation
My only decease
A manifest of life If I could reach through, catch you
Make you understand
If I'm not dead enough for life
Am I alive enough for death? A gift from the unknown
Promises they gave us
Rejection of faith
An eye for this purpose
