

don't change

husband&wife

You disagree but you're a better man than I
If it were me I would've made them wait
But somehow you just know exactly what to say
And the perfect time to say it

But all in all
I think I'll make it okay

I've been trained
I've been shaped by a million things
And I bet that you would hate to hear half the things I'd say
Probably, would make your skin crawl
But you'd still say you're proud to be
and I just don't know if I can say that's okay with me

I'm wrong (24x) [Yes, that is correct, I counted them]
