

Street Life

Bryan Ferry & Roxy Music

Wish everybody would leave me alone, yeah
They're always calling on my telephone
When I pick it up there's no one there
So I walk outside just to take the air
Come on with me cruising down the street
Who knows what you'll see, who you might meet
This brave new world's not like yesterday It can take you higher than the milky way
Now I'm blinded I can't really see, yeah
No more bright lights confusing me, no
Don't ask me why I'm feeling blue
'Cause loving you is all I can do
Hey good-looking boys, gather around
The sidewalk papers gutter-press you down All those lies can be so unkind,
They can make you feel like you're losing your mind

What a Life Back to nature boys, Vasser girls too
Watch what you say, or think, or do
Continental-style strasse girls might
But you know exactly if it's wrong or right
Education is an important key, yes
