

Back To Me

A Thousand Horses

Girl
Just a small town girl
They see corn row world
Just a small town girlDreams
I know you've got your dreams
But you're not here with me
Am I still in your dreamsOne way town with no way out
It's holding you in
And it's holding you down
But I'll be the one who will set your heart free
If you come back to meBoy
Just a rebel boy
Raisin' hell makin' noise
Just a rebel boyScars
I know I've left some scars
But we've come to far to stop
'Cause a couple of scarsOne way town with no way out
It's holding you in and it's holding you down
But I'll be the one who will set your heart free
If you come back to meOh oh oh oh
If you come back to me
Oh oh oh oh
If you come backOne way town with no way out
It's holding you in and it's holding you down
But I'll be the one who will set your heart free
If you come back to me
Oh, If you come back to meGirl
Just a small town girl
I'm just a rebel boy
In love with a small town girl
