

# Monkeyland

[Rabia Sorda](#)

walking down the streets i feel it  
i`m just walking down the streets of monkeyland  
walking down the streets i find you  
i`m just walking down the streets of monkeylandjump when i tell you to jump  
don`t you hear me? come and drag me out  
jump when i tell you to jump  
don`t you hear me? come and drag me outi thought it was a dream but i see monkeys  
play around the streets  
i thought it was a dream but i see monkeys  
hanging from the trees  
asylum, don`t you want to play?  
in this monkeyland quit fighting  
don`t you want to stay? in this lovely insane  
asylumleft to your own devices  
come and drag me out  
left to your own devices  
would you drag me out?  
too many things to destroy, keep eating  
bananas, don`t you try to drag me in again  
too many things to destroy, all this voices  
annoy, i don`t care, drag me out now!
