Farm Song

Sicko

Hey I heard you got back today
everybody's got something to say
how did it go and where have you gone
Oo come on come onWell it's not that great
and it's not that fun
it's just a bunch of bored kids
acting really dumb
it's not the life for everyone/anyoneOo I heard it got back from you
everybody's got nothing to do
I wanna play rock but nobody's home
Oo come on come onHey I heard you got back today
everybody's got something to say
I wanna play rock but nobody's home
Oo come on come on
