

Under My Skin

Sarah Connor

VERSE 1:

You're not the type of man who shake my hand like nice to meet ya (cha)
You pull me in and then begin to let your body say
All is possible, now I know
Whoa~oh~

The lights are dimmed and takes my limits off a million meters
You're breaking my chains again but nothing remains the same
Now I'm hypnotized, realized
Whoa~oh~

CHORUS:

When we touch, I can feel we've got a chemistry
Can't get enough, watch out when you stand so close to me
I've got you~ under my skin
When we touch I can feel we've got a chemistry
Can't get enough watch out when you stand so close to me
I've got you~ under my skin

VERSE 2:

It turns me on when I'm your pupil you're my teacher (teacher)
Get in position, that's my mission on the floor tonight
I've been exercised, sensitized whoa~oh~
The way that you perform the clothes are torn right off the richter
Checking' the room again, untaming the beast within
And if they ask me why, can't deny whoa~oh~

CHORUS:

When we touch, I can feel we've got a chemistry
Can't get enough watch out when you stand so close to me
I've got you~ under my skin
You send me off -- I can't wait to feel your hands on me
And when we rock, feels just like the devil's ridin' me
I've got you~ under my skin

BRIDGE:

Over here boy (oh)
I want you one on one
I made it clear, boy
I want to have some fun
I want you~ , I want you~
I've got this feelin?
And it just won't stop

It's gettin' so hot
Come help me take this off
I've got you~
I want you~
Under my skin

CHORUS:

When we touch, I can feel we've got a chemistry
Can't get enough watch out when you stand so close to me
I've got you~ under my skin
You send me off -- I can't wait to feel your hands on me
And when we rock, feels just like the devil's ridin' me
I've got you~ under my skin
When we touch, I can feel we've got a chemistry
Can't get enough watch out when you stand so close to me
I've got you~ under my skin
