Tin Foil

Urge Overkill

So long again
It what you're trying to say now
What's wrong again?
I was the one who said, Hi, hi, I knowI know where you been
But what's the matter with asking
What was that number again
You were the one who said, Bye bye, I knowWell, I missed my calling
And I missed my calling again
I won't rest 'til I'm strong again
I will take that storyHey, Jenny, are you ready or not?
Hey, Jenny 'cause that you're all that I've got
Come in, in aloneHello again
What's the matter this time?
Don't give up on a friend
You were the one who saved my life now
Life aloneWell, I missed my calling
And I missed my calling again
I won't rest 'til I'm strong again
And I will take that storyHey, Jenny, are you ready or not?
Hey, Jenny 'cause that you're all that I've got
Come in, in alone
