Keep The Dream Alive

Oasis

'Four Seasons' seconds flicker and flash, I`m alone
A lonely scream provides the scene
It`s no home
Every night I hear you scream,
But you don`t say what you mean
This was my dream, but now my dream has flown

I`m at the crossroads waiting for a sign
My life is standing still, but I`m still alive
Every night I think I know
In the morning where did it go
The answers disappear when I open my eyes

I`m no stranger to this place
Where real life and dreams collide
And even though I fall from grace
I will keep the dream alive
