Sticks and Stones

The Pierces

Hey, domino
I am stopping you from falling
One, two, three

Don't you dare go downHey, waterfall

Oh, can you hear me calling?

Three, two, one

Don't you dare touch the groundI'm the one you want

I'm the one you want

I'm the one you want

I'm the one you wantSticks and stones will break your bones

And leave you lying in the mud

But you get scared when we're alone

Like I might suck your bloodAnd I could tell you a witch's spell

But it just might blow your top

And you start to run just as I'm having fun

And it's awfully hard to stop

It's awfully hard to stopSun in the sky

I am stopping you from burning

All we need

Is stars and moonClock on the wall

I will keep your hands from turning

Or this night

Will end too soonI'm the one you want

I'm the one you want

I'm the one you want

I'm the one you wantSticks and stones will break your bones

And leave you lying in the mud

But you get scared when we're alone

Like I might suck your bloodAnd I could tell you a witch's spell

But it just might blow your top

And you start to run just as I'm having fun

And it's awfully hard to stop

It's awfully hard to stop, it's just too hard to stopI call thee, beloved one

To love me more than anyone

Seven times I pierce my heart

And now you feel the magic startBind thy heart and soul to me

As I do will

So let it be, ohHey, lover boy

Oh, now do you believe me?

That's not all
That I can doSit back down
I'm afraid we won't be leaving

Can't undo

My spell on youI'm the one you want

(I'm the one you want)

I'm the one you want

(I'm the one you want)I'm the one you want

(I'm the one you want)

I'm the one you want

(I'm the one you want)I'm the one you want

(I'm the one you want)

I'm the one you want

(I'm the one you want)I'm the one you want

(I'm the one you want)

I'm the one you wantSticks and stones will break your bones

And leave you lying in the mud

But you get scared when we're alone

Like I might suck your bloodAnd I could tell you a witch's spell

But you just might blow your top

And you start to run just as I'm having fun

And it's awfully hard to stopWell, sticks and stones will break your bones

And leave you lying in the mud

But you get scared when we're alone

Like I might suck your bloodAnd I could tell you a witch's spell

But you just might blow your top

And you start to run just as I'm having fun

And it's awfully hard to stop

It's awfully hard to stop, it's just too hard to stop

I don't think I can stop
