Non-Entity

Nine Inch Nails

The sky is not the same shade of blue
Every single thing I believe isn't true
Missing in a maze of monochrome
How did I get here, how can I go home?The echoes in my eyes of all they used to see
Burning down the world, the ashes and debris
And all that's left of me, non-entityTry to stand in line, try to obey
The ghosts of what I was keep getting in the way
Staring at the sun, blinded by the light
Now I'm afraid I'm fading out of sightThe echoes in my eyes of all they used to see
Burning down the world, the ashes and debris
And all that's left of you and all that's left of me
All have washed away, oh, non-entity
