

Only

Ass Ponys

I can be your supersize
You can be my only
Onion rings or curly fries
Quarter pounder skip the salad bar
Please don't kick my busted heart too far I can be your oppenheim
You can be my only
Trying to think of words that rhyme
Find a notebook meet me at the car
Please don't kick my busted heart too far I can be your soft machine
You could be my only
Cultivate obscurity
Save your tonsils in a mason jar
Please don't kick my busted heart too far I can be your frankenstein
You could be my only
Tie me down with baler twine
Run your forked tongue along my scar
Please don't kick my busted heart too far
