

You'll Never Know (Duet)

Barbra Streisand

You'll never know just how much I miss you
You'll never know just how much I care
And if I tried I still couldn't hide my love for you
You ought to know for haven't I told you so
A million or more times? You went away and my heart went with you
I speak your name in my every prayer
If there is some other way to prove that I love you
I swear I don't know how, you'll never know if you don't know now
You went away and my heart went with you
I speak your name in my every prayer
If there is some other way to prove that I love you
I swear I don't know how, you'll never know if you don't know now
