

Blow You Up (feat. AlunaGeorge)

Yogi

[Intro]

Blow you up, blow you up, blow you up, blow[Verse 1]

No indication of what lies in your dark side

You've got no indication cause you won't keep yourself in line

[Chorus]

I just wanna blow you up, break you up

Smash you up so I can wake you up

Blow you up, break you up

Smash you up so I can wake you up

I wanna blow you up, break you up

Smash you up so I can wake you up

Blow you up, break you up

Smash you up so I can wake you up[Post-Chorus]

Blow you up, blow you up, blow you up, blow

Blow you up, blow you up, blow you up, blow

Yes I'll blow you up, blow you up, blow you up, blow

Blow, blow, blow, blow

Blow you up, blow you up, blow you up, blow

Blow you up, blow you up, blow you up, blow

Yes I'll blow you up, blow you up, blow you up, blow

Blow, blow, blow, blow[Verse 2]

Yes they can catch me, that's the prize when I'm not so wise

Then I will get you and show them all that you've been hiding[Chorus]

I just wanna blow you up, break you up

Smash you up so I can wake you up

Blow you up, break you up

Smash you up so I can wake you up

I wanna blow you up, break you up

Smash you up so I can wake you up

Blow you up, break you up

Smash you up so I can wake you up[Post-Chorus]

Blow you up, blow you up, blow you up, blow

Blow you up, blow you up, blow you up, blow

Yes I'll blow you up, blow you up, blow you up, blow

Blow, blow, blow, blow

Blow you up, blow you up, blow you up, blow

Blow you up, blow you up, blow you up, blow

Yes I'll blow you up, blow you up, blow you up, blow
