## **Holy Spirit**

## **Third Day**

I can feel Him in the air
I can see Him in this place
And I hope that He never leaves
I'm now without a care
It is something I can't explain
And I feel so freeHoly Spirit, we cry to You
Holy Spirit, in this place
Holy Spirit, we cry to You

Come down on us like a flameLike a flameI read about Him in the Bible
He was in the men of God
And though I don't deserve it, He is in me
You can feel a new revival
Ask Jesus in your heart

And you'll feel so freeHoly Spirit, we cry to You
Holy Spirit, in this place

Holy Spirit, give us comfort

Come down on us like a flameYou've got to feel it, to believe it

(You've got to feel it, to believe it)

You've got to see it, won't you receive Him?
Why don't you believe in?Holy Spirit, we cry to You
Holy Spirit, in this place

Holy Spirit, give us comfort

Come down on us like a flame, like a flameHoly Spirit, we cry to You
Holy Spirit, in this place
Holy Spirit, give us comfort
Come down on us like a flameLike a flame
