

Holy Ghost

[Michael Flynn](#)

Don't be afraid if I lean in to whisper
I'm the flash of gray in the background of your every picture

I'm your holy ghost
I'm your holy ghost
I'm your holy ghost

Stars screwed in tight to a black night full of horrors
But I'm bleeding light and whistling your favorite chorus

I'm your holy ghost
I'm your holy ghost
I'm your holy ghost

I'm your holy ghost
I'm your holy ghost
I'm your holy ghost

I'm your holy ghost
I'm your holy ghost
I'm your holy ghost
