Mary (Artist Choice Version)

Saving Jane

Little Miss Mary Sunshine had a bad day
She says, It's overrated, living this way
She took her hair down, left her sweater on the floor
Shes not a nice girl anymoreShe says, I won't apologize
Stand up girls and dry your eyes
And Ill see you on the other side of good
Where we singNa na na
On the other side of goodShe paints her fingernails in black, shes on the run
On the wrong side of the tracks where life is fun
Points a finger, but theres nobody to blame
All the people in her memory look the sameShe says, I wont apologize
Stand up girls, and dry your eyes
And Ill see you on the other side of good
Where we singNa na na
On the other side of goodEverybodys favorite girl, doesn't fake it anymore
Im okay with who I am today
Everybodys gotta change, Im just doing what I can
Could you love me anyway?She says, I won't apologize
Stand up girls and dry your eyes
And Ill see you on the other side of good"She says, I won't apologize
Stand up girls, and dry your eyes
And Ill see you on the other side of good
Where we singNa na naLittle Miss Mary Sunshine had a bad day
And she says, It's overrated"
Little Miss Mary Sunshine had a bad day
She says, It's overrated, living this way
