Hunt 4 U

Teairra Mari

[Intro]Yeah, yeah, I, I, I think this one's for the radio
Yeah, yeah, I, I, I think this one
[Verse One - Teairra Mari]I'm looking for you
That sweet incredible you
That unforgettable you
The you that only I can know
Tell me what I gotta do
The walls I gotta break through
That'll lead me right back to you, oooh
Cause I'm searching boy but I don't have a clue
[Bridge]I'm not gon' stop fightin'
I'mma keep searchin'
I'll go the end of the world if I have to
I'mma keep trying
As long as I'm hurting
Tell me what I gotta do
Cause boy I'm on the hunt for you
[Chorus]Where you at?
Where you at?
Where you at?
Where you at?
Where you at?
Cause boy I'm on the hunt for you
Where you at?
Where you at?
Where you at?
Where you at?
Where you at?
[Verse Two - Teairra Mari]I'm looking for you
That irreplaceable you
That warm embraceable you, oohoo
That walked right out that door
What argument can I lose
But they can not play a fool
Tell me boy what I gotta do, oh baby
To figure out why you don't love me no more
I'm not gon' stop fightin'
[Bridge]I'm not gon' stop fightin'
I'mma keep searchin'

I'll go the end of the world if I have to
I'mma gon' keep trying
As long as I'm hurting
Tell me what I gotta do
Cause boy I'm on the hunt for you
[Chorus]Where you at?
Where you at?
Where you at?
Where you at?
Where you at?
Cause boy I'm on the hunt for you
Where you at?

Where you at?
Where you at?
Where you at?
Where you at?
[Pleasure P]And I think this one's for the radio ..
And I think this one ..
[Verse Three - Pleasure P]She said I've been missin' for a minute
I ain't been no where
I'm in this motherf***er til' we finish
And we go back and forth with cursing words like it's tennis
See I'm a green fiend
I be out here chasing spinach
And, and, and she said I don't like your cars
I'd rather have your heart
You call me your wifey baby let me play the part
She hates when we're apart
She calls me up whenever I leave
She's looking out for me
Heeeeyyy, yeeaaaahhh
[Bridge]I'm not gon' stop fightin'
I'mma keep searchin'
I'll go the end of the world if I have to
I'mma gon' keep trying
As long as I'm hurting
Tell me what I gotta do
Cause boy I'm on the hunt for you
[Chorus]Where you at?
Where you at?
Where you at?
Where you at?
Where you at?
Cause boy I'm on the hunt for you

Where you at?
Where you at?
Where you at?
Where you at?
Where you at?
[Bridge]I'm not gon' stop fighting
I'mma keep searching
I'm gon' keep trying
As long as I'm hurting
Cause boy I'm on the hunt for you
[Chorus]Where you at?
Where you at?
Where you at?
Where you at?
Where you at?
Cause boy I'm on the hunt for you
Where you at?
Where you at?
Where you at?
Where you at?
Where you at?
