

Keep Warm

Ingrid Michaelson

eyes on the prize
and i can't capsize this time
cuz they're somebody else in my boat
used to live alone in a tomb
i made my own
but now i've gone
and given up my cool
and its cold outside
but i'm just fine
you are mine
to keep warm
down down down i go
on a road that i don't know
but i aint got a thing in my bag
somethings you cannot plan
like your hand in mine
just put your hand in mine

and its cold outside
but i'm just fine
you are mine
to keep warm
yeah its cold outside
but i'm just fine
you are mine
to keep warm
sables and wine till the end of time
oh you give me much more than that
diamond rings and beautiful things
oh you give me much more than that
when you smile
you are mine to keep warm
and its cold outside
but i'm just fine
you are mine
to keep warm
