Simon Says

Drain S.T.H.

A throw your hands in the airBe, I wanna be
Just like you, what you do, I want to
Bleed, I'm gonna bleed
To belong, I give all that you needI would give my life to get some rest
But I'll do anything when Simon saysA throw your hands in the air
Wave 'em around like you just don't care, yeah
A throw your hands in the air
Wave 'em around like you just don't care, yeahReap, I wanna reap
Everything that you sow I will keep
Creep, I'm gonna creep
And I'll do it again and again and again and againI would give my life to get some rest
But I'll do anything when Simon saysA throw your hands in the air
Wave 'em around like you just don't care, yeah
A throw your hands in the air
Wave 'em around like you just don't care, yeahI can't sex you up, I can't sex you up, I can't sex you up
A throw your hands in the airI would give my life to get some rest
But I'll do anything when Simon saysA throw your hands in the air
Wave 'em around like you just don't care, yeah
A throw your hands in the air
Wave 'em around like you just don't care, yeah
