

Winter Martyrium

Kreator

Hypnotized by the masses and a future torn apart
Agony, the final conflict hatred yet ignored
Love is colder than death and in coldness we'll remain
Everlasting territories freedom lies in chains
Destroying dreams against all norms
They spread it all across the earth
Dominion without a form
Winter martyrism
Dead civilization on a mission lead by gods
Etiquette creates a cause to turn your back from life
Secrets never told before construct culture absurd
Hit you like a shell shock as integrity has died
Destroying dreams against all norms
They spread it all across the earth
Dominion without a form
Winter martyrism
Wide awake to the end
Wide awake, wide awake to the end
Crisis and perpetual incest
Performance of a nameless act
Sadness takes your concentration
Individual cages that, that we face
Destroying dreams against all norms
They spread it all across the earth
Dominion without a form
Winter martyrism for masses and a future torn apart
Agony, the final conflict hatred yet ignored
