Sabatonâ•²

You're in for surprise, you're in for a shock
In London town streets when there's darkness and fog
I'm going down, all the way down
I'm on the highway to hell from hereBlessed by the night, holy and bright
Called by the toll of the bell
Oh Mr. Crowley did you talk to the dead
Sleep with the devil and then you must payAbandoned land come on in child take my hand
Hear a rising force
Watch the damned they're gonna break their chains
Through the night you can hear themTwisting you mind and smashing your dreams
Blinded by me you can't see a thing
Torches blazed and sacred chants were praised
Blood on your face you big disgraceA strand of silver hanging through the sky
Touching more than you can see
Appears like a wonder without any move
Gonna get close, closer to youAbandoned land come on in child take my hand
Hear a rising force
Watch the damned they're gonna break their chains
Through the night youAll aboard,
HahahahahaAbandoned land come on in child take my hand
Hear a rising force
Watch the damned they're gonna break their chains
Through the night...Abandoned land come on in child take my hand
Hear a rising force
Watch the damned they're gonna break their chains
Through the night you can hear them
