# Body Kiss

## The Isley Brothers

Yeah, yeah, yeah
It's Mr. Biggs ya'll
With another hit
It's Mr. Biggs ya'll
With some freaky
Groove if you're ready baby
For me to drive you crazy
'Bout to make you my lady
Have you screamin' Ronald take me
Now we're about to play this game
This freaky, freaky game
And I'm gonna let you win
Baby, body kiss
Meaning anywhere you want it, I will kiss
From your head down to your toes
Just make one wish
I will kiss, from your and your
From your to your
Baby, body kiss
Meaning anywhere you want it, I will kiss
From your head down to your toes
Just make one wish
And I will kiss, from your and your
From your to your
Girl you haven't felt this kind of love for ages like
Girl what I got for you is so contagious like
Turn around and see that rear, embrace it now
I'm about to lay you down and taste it now
Now we about to play this game
This freaky, freaky game
And I'm gonna let you win
Baby, body kiss
Meaning anywhere you want it, I will kiss
From your head down to your toes
Just make one wish
And I will kiss, from your and your
From your to your
Body kiss
Meaning anywhere you want it baby, I will kiss

From your head down to your toes
Just make one wish
And I will kiss, from your and your

From your to your
From the club, to valet, to my crib, the driveway
Body kiss is the name of the game that we play
In the door, we go, now you're out, of your clothes
Kissing you, all over, till you're screamin', for more
Say my name, Lil' Kim, it's you and me
Go to the V.I. and make some honey
Let me dance for you like a stripper in the club
Queen Bee gon' take that money
Let's do it in the Caddy, Sugar Daddy
Watch a movie in the Jacuzzi
We can make an X rated version of
Feelin' on my booty
Mr. Biggs, I really like how you kiss me
From my to my
You really handle your biz
I think I like this game
This freaky, freaky game
And I wanna play again
Mr. Biggs, Queen Bee
Baby, body kiss
Meaning anywhere you want it, I will kiss
From your head down to your toes
Just make one wish
I will kiss, from your and your
From your to your
Girl I want to kiss your body, body kiss
Meaning anywhere you want it, I will kiss
From your head down to your toes
Just make one wish
I will kiss, from your and your
From your to your
Body kiss, I will kiss
Make one wish
From your and your
From your to your
Body kiss, I will kiss
Make one wish
From your and your
From your to your
Body kiss, I will kiss
