Coconut Flakes

Love As Laughter

Grab some grapes and leaves, man
You can never tell
When you'll have to change your face
And hide your trophies wellComin down the mountain
Or goin to your home
The village has evacuated
Now you gotta roamYour feet could start to moan
And your eyes don't see too clear
The darkest dreams could come
And shake your faith to steerRemember the sun
All from memory
Close your eyes and run circles
Round its enemiesRemember the sun
Before you awake
Remember all the reasons
And bake it into your cakeThen we'll all come over
Bring the coconut flakes
We're gonna get stoned with ya
Laugh at your mistakesI know it's been hard to take
And I know you wanna run
But just try to stay in one place
And have a little funI know it's been hard to take
And I know you wanna run
But just try to stay in one place
And dance before it's done
