

Pass Me By

Pete Yorn

The words you never cared to say
I want to find a better place
When we rely on something more than this
And even when I try to sleep
I'm lookin' for my best friends
I'm tired of all the people I'm seein' through(The)
Same idea
It makes me wonder, why I'm here?And even when I try to sleep
Still lookin' for my best friends
When we rely on something more than this
The words you never cared to say
I want to start a family
I'm tired of all the people I'm seeing through(The)
Same idea
It makes me wonder why I'm here?
Ahh haa haaOhh, watch me now
Try
Couldn't walk down that line
Just pass me by
Just passin' byOh, watch me now
Try
Couldn't walk down that line
Just pass me by
Just passin' byOh, watch me now
Try
Couldn't walk down that line
Just pass me by
Just passin' byOh, watch me now
Try
Couldn't walk down that line
Just pass me by
Just passin' by
