

Pumpkin Seeds

[Devendra Banhart](#)

There's a lotta love but not the kind I need
You ever made a soup out of a pumpkin seeds
There's a lotta skin and flesh I never should have seen
There's too many half ways in between
There's a lotta stays, I think I wish I'd done
There's a lotta leaves my true love gave to me
There's a lotta stays, I think I wish I'd done
There's a lotta leaves my true love gave to me
There's a lotta birds people like to draw
There's a lotta sees I wish I'd never saw
There's a lotta birds that people like to draw
There's a lotta sees I wish I'd never saw
There's a lotta love but not the kind I need
There's a lotta love but not the kind I need
