

# Hallelujah

## Jermaine Edwards

1

I come just now to say thank you

O king

Your not just apart of my life but my everything

Your love reaches way down deep within

Passes human understanding

There will always be a song for you I'll sing

one word alone just can't express my hearts desire

Gratitude for one more day my needs supply

Your warm and grace and tenderness

Patient with me through out my meds

I come to one conclusion you are the best

Cho

Hallelujah to our king

Hallelujah i will sing

You are great Almighty

I'll honour to you

Oh king

X3

Bridge

Lord you worthy

You are king of kings

You are the lily of the valley

Lord you are the reason why
