

# sweetheart

## Jermaine Dupri

What you think about?  
You and me baby goin' one on one  
(Say what?)  
JD y'all, MC y'all I'm the man to fulfill your needs  
Get you everything that you see in your dreams  
Baby, let nothin' and nobody tear us apart  
And forever you'll be my sweetheart  
Boy, haven't you noticed the gleam in my eye?  
Because of you, I'm a little hypnotized  
But everytime you're with me I feel so positive  
That with a little love something's got to give  
A full moon is waiting in the twilight  
Maybe soon you will come to be my knight  
Here we are hoping that we never part  
Stay with me, baby, won't you be my sweetheart?  
We can share a story book romance  
Won't you be my sweetheart?  
We can share a story book romance  
You are no Casanova I know that you'll be true  
And that's why I'm so in love with you  
But this romantic evenin' you leave me at my door  
But tonight, I'd like us to explore  
A full moon is waiting in the twilight  
Maybe soon you will come to be my knight  
Here we are hoping that we never part  
Stay with me, baby, won't you be my sweetheart?  
We can share a story book romance  
Won't you be my sweetheart?  
We can share a story book romance  
JD y'all, MC y'all, see, I saw you in the party with your eyes on me  
Fittin' the description of what I want my bride to be  
As live as me, don't know the same guys as me  
But a lot of style and usin' wild name like Ivory  
I agree with my niggas you the baddest I ever seen in a long time  
But woman with her own, shine is her own time and I don't hit  
'Cuz I'm tired of dealin' with the wrong kind getting non' but the bull  
She got a play a tryin' to think of new things to say  
She's up in the corner sippin' Don P, Rose  
Shakin' it up with the homegirls payin' no attention to us  
They in they own world, aiyyo girl, I'm the man to fulfill your needs  
Get you everything you see in your dreams baby  
Let nothing and nobody tear us apart and forever you'll be my sweetheart  
Sounds so right the mood is right  
Say what? MC, baby, sing it to me  
To keep me warm, away from harm  
Nowhere better than my baby's arms  
Sounds so right, the mood is right  
Say what? MC, baby, sing it to me  
To keep me warm, away from harm  
Come on baby, baby, come on  
You could be my sweetheart  
We can share a story book romance

Won't you be my sweetheart?  
We can share a story book romance  
Won't you be my sweetheart?We can share a story book romance  
Won't you be my sweetheart?  
We can share a story book romance  
Just you be my  
You know I need your love, romance
