

Last Dance (Studio Rough - Guide Vocal) [11/88]

The Cure

I'm so glad you came
I'm so glad you remembered
To see how we're ending our last dance together
Expectant too punctual but
Prettier than ever
I really believed that this time it's forever But older than me now more constant more real
And the fur and the mouth and the innocence
Turned to hair and contentment that hangs in
Abasement a woman now standing where once
There was only a girl I'm so glad you came
I'm so glad you remembered
The walking through walls in the heart of December
The blindness of happiness
Of falling down laughing
And I really believed that this time was forever But Christmas falls late now flatter and colder
And never as bright as when we used to fall
All this in an instant before I can kiss you
A woman now standing were once there was only a girl I'm so glad you came
I'm so glad you remembered
To see how we're ending our last dance together
Reluctantly cautiously but
Prettier than ever I really believed
That this time it's forever But Christmas falls late now, flatter and colder
And never as bright as when we used to fall
And even if we drink I don't think we would kiss
In the way that we did when the woman was only a girl
